

U.Dance F.A.Q'S

Does it cost anything to register my event?

No – Registration is free. When you register you'll receive certificates and access to a range of resources to help make your event a great success. All we ask is that you include the U.Dance logo on all your promotional materials.

What do I have to do with the U.Dance logo and where do I get the U.Dance logo from?

Once you register your event you'll be sent a USB pen where you can download the U.Dance logo. Also included on the USB pen is the Brand Guidelines for you to read. But in a nutshell, you'll need to include the U.Dance logo on all your promotional materials (print and web based) for your event.

Is there a limit to the number of events I can register?

No – If you're planning to register lots of events in one go, please email u.dance@onedanceuk.org. One Dance UK rewards individuals who regularly organise youth dance platforms, register 3 or more events and you will receive a U.Dance hoodie.

My performance event is only for young people at my school can I register it?

Sorry, performances must include more than one school or group to register for U.Dance. This is because one of the key objectives of the scheme is to encourage the sharing of people's ideas with one-another. So why not invite another youth dance group or a class from a nearby school to join in with your event? You'll get to increase opportunities in your area and hopefully make useful dance connections to build on in the future.

I need more than 100 certificates, how can I get more?

If you want more than the 100 certificates which are provided for free, you can either download the template from the USB pen and print them yourself or order more from One Dance UK. To order more certificates email u.dance@onedanceuk.org. Certificates cost £10 per additional hundred, incl p&p.

My event is next week, can I still register it?

Sorry, no. This doesn't give us time to process your registration or give you enough time to make use of the resources or include the U.Dance logo on your promotional materials. Events must be registered at least 4 weeks before they're due to take place.

What do I get out of registering my event?

Have a look at the '[Benefits of Registering](#)' page for all the information.

Will you share my details with other people or organisations?

You are given the option to not allow us to share your details with anyone. If you are happy for us to share your details, we'll put your event on the U.Dance Calendar of Events, where your contact details will be publically available on the U.Dance website, so that people can contact

you about your performance. But we don't share your details with other people or organisations for marketing purposes.

How do I enter a dance piece for the U.Dance Awards?

[Click here for all the information.](#) Please make sure you have also read the T&C's surrounding the awards

How many performances can I register?

As many as you like, providing that they meet the criteria, [see here](#).

How do I get a U.Dance Champions hoodie?

We are keen to reward the people who create these wonderful performance opportunities for children and young people in England. Therefore, if you organise and register three or more dance performances with U.Dance, then we'll send you a special edition U.Dance Champion hoodie. You'll also be listed in our [U.Dance Champion's page](#).

Other Questions?

If you have any other questions please email them to u.dance@onedanceuk.org
